
This Noble Animal deserves a Hot-Forged Nail.

The foot is the *most important* member of the animal's body, to which the greatest care and attention should be directed; for when it becomes injured or diseased, no matter how perfect or sound the other parts may be, the horse's services are diminished or altogether lost. Hence the value of a horse depends upon the condition of his feet. "NO FOOT NO HORSE."

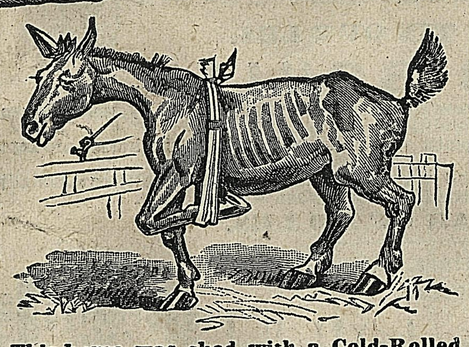
As the remedy lies with the owner of the horse, it is for him to prohibit any cold rolled or sheared nails being used in his horse's feet, which can be detected by observing the *edges* of the nail near the point.

THE ONLY HOT-FORGED AND HAMMER-POINTED HORSE-SHOE NAIL IN THE WORLD

That is *not cut, clipped, or sheared* upon the point, and will not split in driving, is

THE PUTNAM NAIL.

In sorrow I would Remark that



This horse was shod with a Cold-Rolled and Sheared Nail.

After a few days the horse was returned lame, and, upon the removal of the shoe, a nail similar to the above was broken off, leaving the sliver in the foot; *lockjaw* ensued, from which the horse died. Upon dissecting the foot, a portion of the nail was found to have penetrated through the Coffin bone, thus sacrificing the life of a valuable animal, for which was sued, and judgment rendered against me for $385. See that your horse is shod with the **Putnam Nail**, and avoid all risks.

For sale by dealers in horse nails generally. Samples sent free by mail by addressing

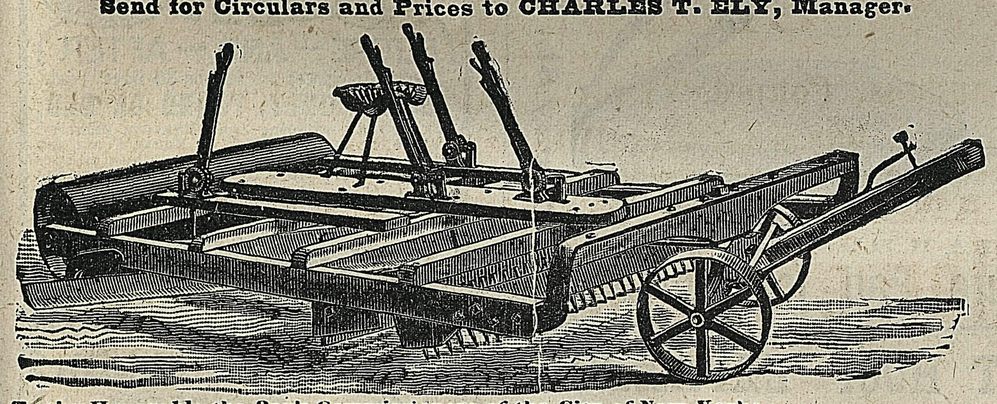
GRIFFIN ROAD MACHINE CO.

MANUFACTURERS OF

Road & Track Machines

ELYRIA, O.

Send for Circulars and Prices to CHARLES T. ELY, Manager.



To the Honorable the Park Commissioners of the City of New York:

GENTLEMEN: We, the undersigned, respectfully petition your honorable body to contract for the use of a Griffin Road Machine on Jerome Avenue, from McComb's Dam Bridge to Jerome Park. From personal and almost daily observation, we can testify to the remarkable efficiency of the Machine, and we believe its regular use would keep our great central driveway in perfect order, and would not cost the city more than half as much as to maintain the roadway in its present condition.

We are, gentlemen, very respectfully yours,

H. B. CLAFLIN, FRANK WORK, L. W. PARKER, JOHN H. COSTER, U.S.A.,
W. S. DUNN, SHEPARD F. KNAPP, FRED. H. GOULD, ISAAC BELL, JR.,
N. D. HIGGINS, J. B. HOUSTON, D. H. SHERMAN, D. K. LAWRENCE,
WM. ROCKEFELLER, HENRY N. SMITH LEONARD W. JEROME, WM. H. VANDERBILT,
ROBERT BONNER.

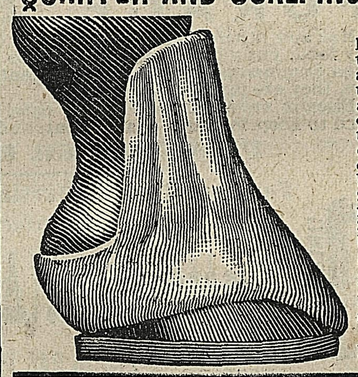
For softening and preserving the leather. A better quality, and costs no more than other oils in the market Put up in cans from one pint to ten gallons.

These goods are sold by all dealers in **Saddlery and Carriage Goods, Paints and Varnishes.**

SELF-ADJUSTING RUBBER QUARTER AND SCALPING BOOTS

UNEXCELLED FOR SNOW AND MUD.



They are the best in use for speed, as they do not chafe or touch a horse in any way for him to feel he has boots on. The strain comes on the hoof, just above the shoe, and leaves the foot and ankle free, and is a perfect guard against cutting or bruising. They are drawn on over the hoof, and fit like a glove; are kept in place by a small hook, doing away with straps and all other fastening. They are preferable to all others, as they are not effected by mud or wet; they retain their shape there is nothing to get out of order on them; they can be washed off in the roughest way, and still be as new. Prices of Scalpers, **$5**; Quarter Boots, in **3** sizes, **$3**; nickle plated toe weights, from 3 to 6 oz., made expressly for these boots, **$1.50** per pair. The trade supplied in not less than ½-dozen lots. Terms, cash. Orders accompanied by check or P.O. order delivered free. Orders promptly filled by

THOMAS GOLDEN,
Patentee 329 E. 59th St., N.Y. City.
