DANIEL HAYES,
Muscatine, Iowa.
(1285)

FOR SALE.

We offer for a short while one of the finest natural stock farms in Northeast Missouri. It is in Shelby county, three-quarters of a mile from Lakenan, on the main line of the C., B. and Q. R. R. Contains 765 acres, mostly grass; abundance of water and timber; is well fenced and improved, with good orchard of 500 trees. Lakenan has three churches, good schools, also fine stock pens. County has no debt, and the taxes on the farm are only about $60 per year. Valuable coal deposits are found on this land, which are easy of access by railroad. Free from any incumbrance. Usual terms—one-third cash, balance one and two years. Correspondence solicited.
