Dear Sir

Yours of yesterday has received to day. I have examined at the Office & find the above statement to embrace all that has been done towards the settlement of Captain Powell's estate —

I have not had an opportunity of conferring with the Executors as yet but will endeavour to do so to day & will make the proposition to docket an amica the suit ag.st them for the purpose of having your affairs properly adjusted.

If this be refused as you say then will had letters be issued.

Yours truly
