Miss Dorothea —

Mr. E. — I send you this for perusal, & you can act accordingly — Aunt Anna wants me to lend her $150, to buy hogs with but I do not see how I can do it. Do you think I can? In regard to collecting my funds for the ~~coming year~~ past year Mrs Emily's business

not expect me, to expect this of you after you so peremptorily refused to hire my servants — however which I may deem it without some offer on your part. If you do not collect for me I must resort to some means to pay you for your trouble of hiring my servants. I wish you would let me know whether you intend to do this or not as I must write to my attorney to collect some money in other ways as I am in want. I am very busy indeed. I was not at Upsala. It is clear the trade was dull that I could not open it for your use. I hope it did not incur your displeasure. Yours affectionately

Mary
