35 Nassau St
New York

Dear Sir:-

After our conversation the other day on the subject of filing maps. I decided it make them 18" wide & including 10 miles of line in length. This width will fit nicely & be convenient to handle. I find on looking over your report to the Interstate Commerce Commission require land the maps to be on 400' scale sheets 24" x 36" covering 4 miles of line.

Do you know if the state has adopted that size

Unless we have to conform
