the most important thing at the present is to get the potatoes in the ground. Filling contracts & profiles complete.

While we continue we will not be as easy during the coming week as last & we will have a days interruption I hope to upload last weeks work using to other drives & better roads.

I have been able to find out very little about the convoy. I shall write to you about crediting Crossland the short time the potatoes have been on the ground

The convoy seems to follow our route passing Cloughfold between the middle [illegible] the Ormskirk [illegible]
