and Millaggintown. The farmers differ considerably as to routes made the survey. I expect to run the line from here to Millaggintown this afternoon. I may be able to get more definite information.

We crossed a preliminary survey line just east of Little Pakatal Creek yesterday. It is apparently a north & south survey and I judge part of a line the C.P.R. then left strung between Dunne on Pakatal Creek (north to) Edgeiff on the Allegheny River.
