

In the matter of the application of the Taxicab Company for appointment of James E. Van Stoveran, a special police officer, as referred to in the proceedings of June 22nd., 1912, a further application, as follows, was received and refused:-

"Baltimore, Md., June 22nd., 1912.
The Board of Police Commissioners,
City.
Gentlemen:-

In our application for a commission as special officer to be issued to our night superintendent James E. Van Stoveran, we specified in addition to our own garage several of our stands; in specifying these several places, we were merely trying to protect our own interests; however, should you see fit to issue this commission covering our own garage only, we would be perfectly satisfied; but as our interests are very widely scattered the applicant has to cover quite a large territory and his services as a special officer around these stands would have a very good moral effect, not only among our own employees but also disorderly characters who frequently patronize our cabs.

Thanking you in advance for your prompt attention to this matter, we remain.

Yours very truly,

F. G. KITCHEN, General Manager.
