Dear Sir—

The storm here the first of the week did not prove as severe as the previous one. We were kept out of the field on Monday & I moved the crew down there as it looked in the morning very much as if this branch of the P.P.R. would stop operating. I have picked up the track here and we are now running towards New Burlington. I will also run the line as far west of here as I find it shown in red. I find on looking over the ground that the line is re-marked further from Paradise to where it crosses Piney Creek about station 3210. The roads shown on
