Report on the Old Mattox Mining
Company Bridge over
Chattahoochee River

Inasmuch as this portion was found on
April 4th on my first trip with the
owners Mr. M. H. Manous
Secretary

The portion is located about ¾ mile
south of the Ferry ¾ mile on
the east edge of the River and
is easiest accessible by crossing from
Chattahoochee

Big the steel
Big the lines lead over the steel bridge
to the road the associate contained
the cause. It is unfortunate with
the mining company if the Bridge the
it from day to day that very
the midge and the Sand
Mattox said it the left and
was a small drainage
Dialog that report will mattox of
Mr. M. H. Manous it has
and the mines a little no
over and worked it
