Williamstown, W. Va., July 31st 1893

Mr. E. B. Emory
Centreville Md.

Dear Sir:

It seems from your letter that it would be better to let Edward B. have a lay up, for a while. You will therefore stop training him. From what you say he shows in the way of speed, he certainly ought to make a flyer next year. As we are not in the side-wheel business, we would like to sell him. Will sell him cheap. What will you give us for him. We do not expect any fancy price, would expect that in your hands he would be developed, and in that way do us good, as well as add to the reputation of your horse. Make us an offer.

Yours Truly,
Henderson Bros.
