My dear Emory: You must go down when you blow up the Secy. I am the hardest worked man you ever saw. I work all day for the Government and all night for the Breeders Ass. when I duplicate a letter to the Board I condense it. So as to get it all on one page. I said I had mailed all communications to Mr Stopp, Balto. Md. but as a matter of fact I always addressed letters, blanks, circulars &c. to Mr Wm. Stopps care of Stopps & Henschal Balto. Md. in an envelope with a horse's head on it, my own address & a 2 cent postage stamp and if he did not receive them the P.O. should have returned them to me. Do you see. I have the P.O. address of all the members and it seems to me that I

If I had gone to the Brooklyn Convention I should have made a speech & had it printed & distributed among the members & then when I was there I could get a resolution adopted that Mr Stopps should be secretary. I think it would be a good thing if we had a set of blanks printed for the use of the Secy.
