Highest Awards. . . .
The WORLD'S COLUMBIAN EXPOSITION has given to THE BRAINERD & ARMSTRONG CO. the highest awards on their Absolutely Fast Color Wash Embroidery Silks, Crochet Silks and Knitting Silks, Spool Silks and Machine Twist.
While the superiority of BRAINERD & ARMSTRONG'S Silks has for years been acknowledged by all users of Embroidery or Sewing Silks, still it is none the less gratifying to have the general opinion so strongly endorsed as it is by the awards, coming from the Commissioners of the greatest fair ever held in the history of the world.—*American Silk Journal.*

The British-American Gold Mining and Trading Co.
428 Equitable Building,
BALTIMORE, MD.

Has made a pronounced success of what by sequence will be a highly profitable business. Now owns and controls over

3000 Acres

of fine Gold-producing placer properties, which conservative estimates of Mining Engineers claim hold Gold to the extent of or exceeding

($100,000,000.00.)

one hundred millions of dollars. This is not merely guesswork, but is based on past operations on the majority of this property.

For Next Two Months

(no longer) investors having money to put in on the development of this property, in combination with other subscriptions, can get a specially favorable ground-floor opportunity that we believe will return from 25 to 50 for 1 at the lowest and within 5 years at the outside.

This proposal will close in two months or earlier, when a certain limited amount of purely development stock is subscribed. Particulars given on resuest.

☞ We also issue a coupon dividend stock in blocks of $100, paying 3 per cent. quarterly or 12 per cent. per annum.

We regard these matters as safe beyond peradventure, as the initial risk has already been passed by the Company.
