WILMINGTON DEL., May 20 1895

Mr E P Emory

My dear Sir

Your favor of 18th rec'd. The Horses you have mentioned are higher in price than any friend wishes to pay. If you know of anything in your Country which can be bought for say from 150 to 200 dollars that you know one are right. he will buy a horse such as I described in my last letter that is road ten miles an hour and trot in fifty. Horses of that description are selling cheap but he prefers a horse that is acclimated. There was a sale of Horses in this city a few days since and he could have been suited in speed &c but they were Western Horses and are not fit to drive this season

Very Truly Yours
Geo W Wells
