when he said it sound the
true mile began failing that
I entertained the idea of breed-
ing her. I at last made up
my mind to attempt it bur-
ing full mile I was taking
my chances but as she was
such a pleasant road horse
I knew that were I success-
ful I might get a very
fine colt. You see I been
full well the chance I was taking
though. I should be sadly disa-
pointed were she not to get in
foal. You will please me very
much by giving her the best
of care — and keeping me
informed of her condition
