Henderson Brothers,
breeders of
Trotting Horses.

Williamstown, W. Va., June 9th 1890.

Mr. Edw. B. Emory -
Centreville Md.

Dear Sir -

Your mare doing well, but came in season and was served the second time on June 2nd. Hope this may be sufficient but will keep you advised.

We hear flattering reports of Sutgrove colts from almost every direction.

How are Mozelpe and her filly getting on. Suppose the filly has become fm its infatuation before this time - or we would have heard from you. We have troubled a good deal with our youngsters scouring this spring on account of the protracted rains. However we have lost none. We find that getting them in, and keeping them in for a day or two all that has been required. We notice there has been great fatality amongst the '90 foals throughout the country.

Yours very truly
Henderson Bros
