PHILADELPHIA, May 4th, 1891

Dear Sir:

Since our very successful combination sale in March, we have had inquiries every day from both buyers and sellers, to know when we would hold another combination sale. Consequently we have decided to make a three days' sale during the races at Philadelphia, Wednesday, Thursday and Friday, May 13, 14 and 15, limited to one hundred horses of first-class stock—no culls accepted.

If you have a trotter, coacher, roadster or first-class business horse and desire to sell, send an entry at once for our Combination sale so as to get a good place, as the entry will positively be limited to one hundred head, and you can attend the sale and races during the same week.

Very Respectfully,

PHILADELPHIA TATTERSALL.
