You can do me my tobacco will be appreciated
I can assure you.

Now the horse business is dull
work us at this time of year and I have
been housed since the 18th inst with fistp.
I castrated Tipperman and Pimlico, sold Greenfield
have left Thorndale Idol 1838 and Herald thoroughbred.
I have a smg little herd of Guernseys that I
am quite proud of I think them fine cattle.

Hamilton Rousseau had a dandy daughter
this season by Meyrleton son of Red Pike and
is again in foal to same horse, and you looks
fine for Rousseau for 1892 I want C. W. Barker to
send you several mares. He has a number of well bred
mes, one that I would like to see go to Rousseau is by
Dictator and her dam is by Mambrino Boy &
then he has a daughter of Bremont 64 out of a
Pilot filly also a Mambrino King mare that
is mid bred and that is all there is to her. I will close
with compliments of the season and hope Rousseau
will make you as much money as Hambletonian #10

Write me for Old Mr. Rydenik
