My dear Sir:

I am pleased to get your letter of the 27th in which you inform me, that you have Happy Russell again. I am glad to know it. You made a good selection when you bought him: and I consider him one of the very best stallions in the Country - as to breeding and performance - I am told that he is individually great - I have never seen him.

I hope my mare is in foal by him. She appears to be all right now - the hair is growing out on her back.

Yrs. Very truly
Orris A. Browne
