My dear Sir:

Wailes was in Washington yesterday on some important business and could not get off with his mare to Balto. she is very heavy and it will require two days for her to travel over the road. I think he takes some risk in sending her but no doubt you want your mare bred as early as possible. and if he cant get away next week he will send the mare by a careful man and bring your mare back. He is anxious to come down to Poplar Grove and make you a little visit but as you know this is a busy time with him now. He has filled
