his book for Axteloid and has had to write letters declining to take any more mares - and I doubt believe he will be able to train him very much unless he turns his mares off well - He is a beautifully gaited colt and has rounded out and is very handsome - and has a good class of mares - One man has sent him a mare from Pa. that he says he refused $5000. for a week ago - But we hear some wonderful stories in the horse business Hailes will either come or send his mare next week -

We have a meeting of the Bd. of Dir. of Breeders assn next Tuesday the 15th - Entro nus - I would have had you on that Bd this year if I had had the power to put you there - this is between ourselves -

Yours very truly,
Benj. White.
