Dear Sir - I have been trying to get a particular friend of mine to send his mare to you to be bred to Happy Russell this Fall - can you take her? I told him I would write you about it - I think we could help you - if you would have a branch office with us in this section - if you would make it interesting - One Spring we shipped from our stable in Wilmington - Six mares to Alcantara - & Lee Max besides having two of our own there - think this over and let us hear - Yours very Respectfully John A Wilson
