to be worth $1000. but I need money so badly that I would take less - and yet I dont feel that I can afford to sell such a mare and stay in the business - I hope you will succeed in getting the two mares in foal that I send down - such prices as you have gotten for Happy Russell colts would put me on my feet - If I do not sell the Onward mare or old Victoria I will give you an option on their colts if you can not supply your demand - I must sell some stock this year - I will send Henshaws mare back and a good 3 yr old filly - and I trust they will get in foal - I was foolish in going to the expense of sending them down and breeding them last fall -

Yours very truly,
Benj. White.
