Dear Mother.—

We arrived here this morning pretty tired & horribly dirty. Our long tramp was not as bad as I expected but the heat & dust has been something horrible. I have been dust ter since we un packed our wagons & to tell you the truth I am not all waked up yet.

This is a new town only about six months old but there seems to be a good deal of business going on. It is to be the junction of the Ardmore Extension & the line that runs to Dallas.

I believe I would like to own a few town lots here if I had the money to put in to them.

I suppose you will have such Facts by the time this reaches you as he should have reached Centrille by Saturday night. My Pert I wanted to go with him. But I reckon I will have to put it off for another year longer.

I miss Mr Davis very
