Dear Arthur —

Your letter with the letter from Mr Gowen arrived last night. You do not know how much your letters cheer me up when I am tired out. They usually arrive at an opportune time. Mr Gowen was very kind to say what he did. But you can be your bottom dollar it is not and that is doing the thing. I owe it all to Mr Davis. He is just as nice to me as can be. It is a real pleasure to work for him. He takes lots of trouble to show me my mistakes & tells me just what I ought to study up on. I only hope I shall be able to stay with
