Dear Mother:—

I received four letters in yesterdays mail so I do not know how I shall ever answer all the questions in them. I have been very much on the go the last week. Monday we walked 3 miles to work & after working all day had 8 miles to hoof it to camp. Tom has not been able to work since, but I expect he will be able to go out in the morning. So the rest of the week I had a green woman & one day none at all.

I have been so far behind that I have had to stop at farm houses at night & I might say that the cooking is not all it might be. Then too they usually only have one room besides the kitchen & it is not all together pleasant to have to sleep in the same
