room with the whole family.
I am only eight miles
behind at present.
Now for the questions.
Yesterday when I reached
camp I found sixteen letters
& one wedding announcement
waiting for me. I think I
shall have to get a stenographer
next. I received a letter from
Miss Bessie She sent her love
to you & sister. One of the
things she told me was
that her father expected to
have Gibson Emory on his
party this summer.
So I do not think my
change of jobs will prevent
my coming home this
summer. Surely not if I
go to school in the fall.
I was not really sick befor
leaving Crossett, But to tell
you the truth I felt very
much on the hog & I do
not think I should have
kept well very much longer
