No. 23.

Bermuda 9th June 1814

Sir,

Lieutenant Hyslop having appointed to act as Commander of the Jore, I would appoint Lt Pike of the Dotterel to that vacancy, as he is very high up on the list for Promotion, but his going to the Syren would interfere with Captain Epworth's first Lieutenant.

You will therefore be pleased to Lieutenant Exchange with the Lieutenant of any other Ship you can effect it, otherwise appoint the Lieutenant of other Ship to act in the Syren, move Mr Dyer into his vacancy and order some young Man to fill the succeeding vacancy until my further Orders, being one of your arrangement.

Rear Admiral Griffith
