According to the best information I have been able to obtain the present number of the warriors of the Creek Nation ~~which~~ friendly to the English and now ready to take up arms is about 2,800; exclusive of the Thousands in the Swamps near Pensacola who by this time have joined the main body. I have answered ~~enjoined~~ their manners and Tribes.

There may be embodied and organized in 8 or 10 Weeks ~~time~~ fit for to act in concert with any British Force that might be Landed for the annoyance of the Southern States. ~~[illegible]~~ ~~[illegible]~~ ~~[illegible]~~
