His Majesty's Ship Saturn
off New York 9th Octr. 1814.
off New York, 19th Oct 1814

Rear Admiral
Henry Hotham
&c &c &c

Sir,

I have the honor of transmitting a letter from Mr. Lye the Master of His Majesty's Ship under my command, enclosing a sketch of a Fine schooner I fell in with and burnt off Barnegate on the 8th October, instant.

On boarding her she was discovered to have two anchors down, without any people on board, and was supposed to have drifted out from her anchorage at

Rear Admiral Hotham
&c &c &c
Halifax.
