

dates, particularly, July 17 and July 18, 1912.

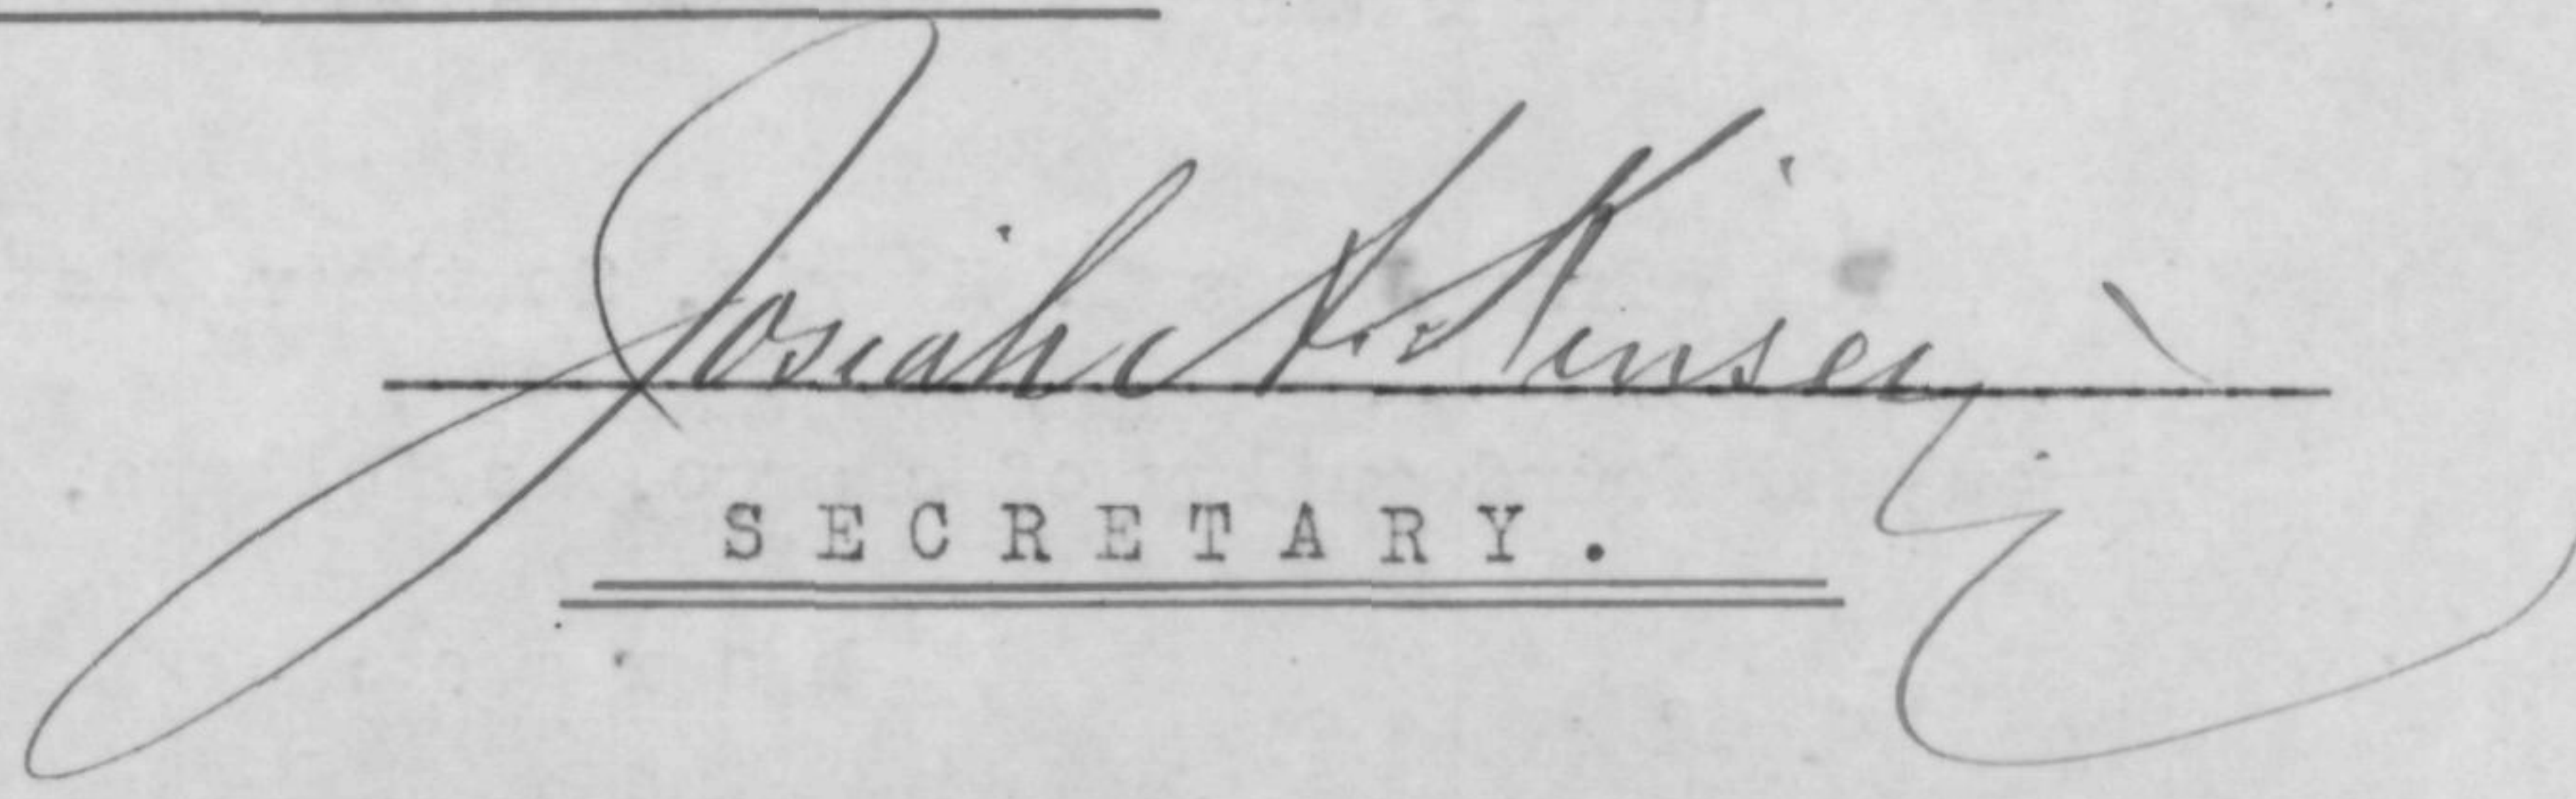

Dr. J. W. Magruder, representing the private charity organizations, called upon the Board, and said that if the Board is ready to put into operation the plan of assigning one officer in each police district for mendicancy work therein, the charity organizations were prepared now to meet the situation adequately.

It was therefore decided to cause the assignment temporarily, say for one week, of one suitable patrolman in each police district, for the purpose of cleaning up the beggars and vagrants in the city, in accordance with the plan previously considered, (see proceedings July 17, 1912.). And it was ordered that the respective captains be called upon by the Marshal to each recommend the name of an officer of his district qualified in his judgment to do this work.

The Secretary reported receipts, as follows:-

Fines & Costs, September 12, -----\$67.65

The Board adjourned at 11 a.m.

SECRETARY.
