

Smoke.
Complaint, - University Hospital.

Letter, as follows, from the University Hospital was ordered referred to the Marshal for his attention:-

"Baltimore, Md., September 14, 1912.

Police Commissioners,

Baltimore, Md.

Gentlemen:-

A number of factories on Pratt st. are in the habit of burning shavings and wood refuse during various periods of the day. This creates a dense smoke, which is heavy, and fills the rooms of the University Hospital.

We have complained of this to these people, and they have always promised to stop burning this wood waste, but they have failed to keep their promises, and we are anxious to know if something cannot be done to do away with this nuisance; this especially is distasteful to hospital and patients, besides being a source of dirt.

Sincerely yours,

UNIVERSITY OF MD. HOSPITAL."

Liquor Permits.

The Board having under consideration the question of permits for the sale of intoxicating liquor at public entertainments,- whether to grant to licensees the privilege of selling at these entertainments after twelve o'clock, it set Monday next, September 23rd., for a public hearing of the matter, in order that all persons interested in the subject may have an opportunity of expressing their views in the premises.

Death.

Report was received from the Western District of the death of Louis E. Leilich, retired, which occurred September 13, 1912.
