the table.

The president stated that by great economy and good management that at the end of the year the Society would be in a condition to send out a new Expedition to the Colony. It was accordingly

Resolved, That efforts should be immediately set on foot to get up an Expedition either in a vessel of our own or some other, according to the circumstances of the case - and that advertisements to that effect be inserted in the village papers throughout the State.

The president stated that the drafts of Gov. Russwurm drawn since June 1840 to the amount of $2200 to 2400 dollars had been presented, and they were accordingly ordered to be accepted and paid.

Resolved, That the Missionary Board having missions at Cape Palmas be informed of the intention of the Society to send an Expedition and request them to give us freight

On motion the Board adjourned.

My dear Sir,

You will perceive by referring to my letter to you of July 11th 1838, that as the result of our mutual correspondence, we understood, "that our missionaries and assistant Missionaries, white and colored, sent from this country or raised up from the native tribes not subject to your government, "should be regarded as foreigners when in the Colony and not be liable to military duty or come under any obligation to the colonial government not commonly resting in foreigners of our own country. This was partly expressed in direct terms in your letter of July 2. 1838 and was believed to be fully sustained by the principles themselves very reasonable, which you had advanced. At any rate this was the conclusion to which our committee came with your letter before them, and we wrote and instructed our mission at Cape Palmas accordingly.

The enclosed copy of a correspondence between Mr Wilson and Gov. Russwurm will show you that there needs to be some more explicit understanding between
