Dent[illegible] - September 17th, 1832

Sir, At the request of Mr. Harper I trouble you again - He has become quite uneasy in consequence of the 10th of this month being past and not hearing anything about the sailing of the Vessel for Liberia - You mention you would let me know when the Vessel would start: but said he should be ready to be in Baltimore by the 1st - He has determined to take his family at once (his wife is willing) he has 3 children one about 15 - one 7 and the other not one year old - I received some of your Publications from Mr. Shepperson & note that I would distribute in answer to his request to one - but as I did not know in what part of the city he lives perhaps he may not get the letter - write as soon as you can definitely - Respectfully yours
