My Dear Sir,

In reply to your favour of the 22nd I have to say, that we have as yet taken no measures for the outfit of the expedition from Virginia. Information arrived yesterday however, that the ship Jupiter would be sent to Liberia soon, & touch at Norfolk about the 13th of October, & that she could accommodate 30 passengers & receive some freight. We have determined to avail ourselves of this opportunity to send that number of passengers with freight, but there are more than this number waiting anxiously to go from Virginia & N Carolina, & to accommodate yours would disappoint them, & perhaps those from Maryland could not be ready in time. Nor will there be any difficulty in our despatching another vessel, should you have a considerable number to come back from Maryland. Let me know, immediately, whether you deem it best for us, to reserve any room for Maryland emigrants in the Jupiter. There is
