Board to establish & conduct the schools;- it being ~~understood~~ mutually understood that these schools, while sustained by the Board, will be under its exclusive management & control;-

"Resolved,- That the proposal is cheerfully accepted, & that the schools, with the leave of Providence, be established as soon as the necessary preparations can be made.

"Resolved,- That the Committee thankfully accept the offer of a piece of land, made by the agent of the Colony at Cape Palmas, for the use of the mission contemplated by the Board."

We propose sending two missionaries in the autumn, (including Mr. Wilson,) with three male & as many female teachers, provided the suitable persons, & especially colored persons, can be obtained, & Providence favors our plans. The rest Mr. Wilson will explain.

May you, dear Sir, & may we, each, in our respective spheres of duty, enjoy a large measure of the divine guidance, & be greatly instrumental in pouring light upon the benighted but interesting shores of Africa.

I am, my dear Sir,
very respectfully & truly yours,
R. Anderson
