yet be done. Three or four of the churches have pledged me a collection just as soon as I can visit them. Others will probably yet come in.

Last Sabbath I addressed the Presbyterian Congregation at Lawrenceville. The collection amounted to Nine dols. I have an engagement with the churches at Trenton on Sabbath week. It is probable that it may be expedient for me to remain two or three days there. I enclose sixty dollars. As stated in my last, after deducting expenses, there remained $31.41. and the collection at Lawrenville $9.00. with it makes $60.41.

I have frequently been asked, if the Maryland Soc. has sent an expedition to Cape Palmas since Dec. last, and when another would be sent? What was the latest news from Dr Hall? To none of which could I give very satisfactory answers.

If you have any numbers of the Colonization paper on hand, they would be valuable to me.

One thing more. Rev. B. White, one of our students is desirous of visiting Africa, and possibly, at a future day of settling as Missionary at Cape Palmas, with Bro. Wilson. If you have any occasion for the services of an agent in your next expedition, you probably can obtain him. He is a first rate man, and besides, a man of excellent business habits. On this subject application must be made soon. There is a Mr Ford, from Louisiana, now in the Theological Institution at N. Haven, who is desirous of corresponding with you on the subject of Africans & Colonization. He thinks that your scheme of State action would would accomplish a great deal in that State. This man intends to devote himself to the cause of the Africans in the South. I advised him to visit the Colonies previous to his engaging in any thing else. — My letter is prolonged much more than I intended —

Yours Most Respectfully
