Dear Sir

I have now a prospect of getting off for the E Shore to morrow morning, the publisher of the Colonial Journal having promised me one or two hundred copies of the number for this month, this evening. —

There are several families of colored people in Queen Anns County who have been reported to me as anxious to go to the Colony. I shall see them coming any visit & as many more as I can find who may be considered to eligible —

In the mean time permit me respectfully to recommend to you, & through you to the Board, Mr. William Crane of this city, as a most suitable person for a place at your Board. He is an ardent friend of colonization & has been sent from the region of the Parent society — He was for many years a most efficient manager of the Virginia State society, & to my knowledge has contributed largely to the cause — His personal feelings
