I am and on my way to the Bay side of Talbot County, from which place you stole here from our agent.

The sickly season has commenced, but I am still favored with health. —

I pray you particular attention to an editorial article (under the caption of "Parting Chanter") in the Rent Eagle which I forward to you address by the Mail Boat leaving Phila. — Would it not be well to submit it to the Mayor? —

The Post master of Chester Town informed me yesterday afternoon that his married servant reported to him after the man left Town, that he had followed her several times to the spring — asked her if she did not wish to be free & independent &c. & upon her answering in the affirmative and asking him how she was to become free, he said all the Abolitionists should cut their throats & Northern throats. — This to be sure is but a vague rumor — but the circumstances under which the man appeared in the Town, & his constant efforts to associate with the free blacks, as detailed in the article referred to, give to it an aspect of importance which would justify your police in watching his movements. —

Respectfully
Yours &c
