in July in behalf of the Society &c. –

Things go on pretty well. Your Brother is highly spoken of. & has no doubt done much service. –

I am called upon by Mr. Hamilton to draw up a report for the Committee on the colored population, adverse to the order of Mr. Shence which required them to consider the expediency of abolishing the system – or the law of 1831-2. – This looks well – & if he will take my report I'll promise you that it shall be a tolerably strong one against any interference whatever with the provisions of the present law. –

With sincere esteem
