Dear Sir,

I have twenty five or six servants belonging to me. And I have made up my minds to liberate them and send them off (in charge of the Maryland Colonization Society, to Cape Palmas, by the earliest opportunity which your society can afford me. I wish ~~to send them off in the fall~~ as, from Dr Ball's statements, the best time for emigrants to arrive (as respects making a crop) is either in the month of December or in May. But May is too near at hand for me to make the necessary arrangements for their emigration: and besides ~~several of them have~~ one has a wife & four children and two of the women have husbands, ~~and~~ which do not belong to me. but as their Masters are willing to sell them. not to give, and as they are unwilling to go without them. I am ~~as~~ anxious to raise the means to enable me. But I see no hope of doing so but by application to benevolent Societies.
