Have you published a No. of the Journal since Spring? I promised this paper to such Ministers as took up collections for you. And if you would forward a large package, I can make use of them by sending the promised No. to those who have sent collections — and perhaps an equally good use by sending to those, who need to be put in remembrance.

If you think proper to send them, direct to care of Capt. Jenkins, Princeton Basin — soon as you can.

Yours Most Respectly

S R Wynkoop

The Professors in the two Institutions had a meeting a few days ago, and resolved unanimously that it was expedient to revive the State Society and that it should be recommended to that Society, to throw all its influence in behalf of the Maryland State Society.

Rev. Dr Rice & Prof. Dod appointed a Committee to get up a public Meeting —

100 No. of the Journal mailed as per his request above this day, Augt 26th
