

When I would have the fleet weigh anchor and come to sail
I will loose the sails and fire one gun. If you would speak with
me Hoist a Jack, Insign, or Pendant at the Foretopmast Head
and fire one gun

Signals by Night

When I would have the fleet weigh and come to sail I will
Hoist one light in the Mizzen Shrouds and fire two guns

And while I am under sail I will carry a light in my
