New York, Sept. 21. 1836

My dear Sir,

Yours of the 14th inst was submitted to our standing Committee to day, & I am authorized to inform you that relying upon the genuine of your Board for the selection of a Physician of approved character we will engage for one year the ship on that for one year, & further provided he give satisfaction to the Colonists generally & is skilled & approved & recommended by your Board.

I must now say that we should want to engage a passage in your ship for our missionaries & teachers, as Mr Day has returned in Mr Gardiner's vessel, which is seen to go out again & the probability that a passage may be procured in her for our missionary family, renders there is a colored man, however, a local preacher in our Church, who may wish to take passage in your vessel provided he can be accommodated. If we should want a passage for one or more of our missionaries, I will let you know.

Affectionately Yours.

J. Brown M.D.
