

for you in Europe
before we start for
the States let me
know and I will
do it with pleasure.
It is impossible to
tell when the Congress
will leave Tripoli
our Consul is in
trouble with the
Turkish Government
and it keeps us here
I wish we was out
of it I would sooner
be in New York with
the yellow fever than
in Tripoli.

You had better
write to Dr. Hays
at Norfolk about
the boy.

Respectfully
Thos. Jeffers
