The expectation of getting this company to go to Africa has created a fine feeling in the State - and, if we are not doomed to disappointment it will send an impulse to every corner.

On Thursday last Dr Alexander, who had been appointed to draft a Memorial to the Legislature asking an appropriation for the purposes of Colonization, put the petition into my hand and yesterday afternoon I put it into the hand of a Member of the Legislature, with the signatures of the principal Men in Newark, N. Brunswick, and Princeton.

Last evening we held a Colonization Meeting at Trenton. It was full - and interesting. The effect was to our perfect satisfaction. Dr Breckinridge, Prof. Alexander & Capt. R. F. Stockton went down from Princeton - and made noble addresses - The Meeting was also addressed by S. W. Potts Esqr of Trenton - and Col. Porter of Easton, Pa. We designed this Meeting as an introductory to our Memorial - and if the appearance did not deceive us, it was a "lucky hit"
