Richmond 7th Feby 1837.

Dear Sir

Your esteemed favor of 27th ult. has not been acknowledged - hoping also to have rec'd the papers you were so good as to forward: but they have not come to hand & I presume may be considered as miscarried. - Some of our last reports have been sent to you & I hope with better success.

The application lately made to our Legislature has been favorably entertained & the friends of Colon. are rather sanguine of success. Should this hope be realized I trust the Va. Society will step forward & take her appropriate station in the good work. if not patronized by the State - We shall remain as heretofore - contributing a small pittance to the fund of the Am Col Society. In the first case efforts will of course be encouraged to equal extent depend information & then some arrangement may be desirable in regard to
