Dactor Brinton

Dear Sir

You will excuse the liberty I take in addressing you but my ignorance of the proper persons of your Colonization Society must plead my apology. I have to request of you such documents & other information concerning the Col. Society as you may deem requisite. This is made in behalf of The Young Men's Colonization Society of this place which I have had the good fortune to set going and I flatter myself that we have as much spirit and enterprise as you will find in any Society in the Country. Any information documents &c you may think proper to
