

Dear Mother

I want you to promise if it is in your power that you will attend the party we anticipate having the coming day. I know I shall enjoy it much more if I know you are there enjoyin your self also and I feel sure you will do so if you go, without I should happen to fail in the part I am to take. Some of the girls are to speak and then we are to have tableaux. I really enjoy thinking of the nice time we will have.

But Oh Mother just hear how the rain beats and the wind blows and while I am sitting here enjoying a comfortable room and bright thoughts and the presence of a dear Mother. how many are suffering from cold and hunger and some entirely homeless. I feel so sorry for the poor but there is One a how that will watch and protect them.

Good night dear Mother.

Affectionately your Daughter Mollie
