P.S. I gave you 50cts to Mrs. Howard who rec'd it
joyfully. She is devoted to this society, which will do an im-
mensity of good. It is bringing the true democratic prin-
ciple to bear on our ecclesiastical wants. It is imitating the thief
of the great Creator, who pours out the rivers & oceans
in little drops of rain. We must have collectors in every
village & hamlet of our country, & gather up "Peter's pence" from
every willing hand - Adieu -
